

## **Our Team:**

Join the STOMP the Monster Team and help make a difference in the lives of cancer patients when they need it most – during their battle with the disease. Founder Seth Grumet, Ironman and Marathon finisher, father of 3, and husband, began STOMP the Monster while completing his own cancer treatments in 2010. He found many people don't have the daily support they need to help make their treatments and healing process a little easier.

STOMP the Monster™ is a 501(c)3, not for profit organization. We are run by volunteers, so we rely on the dedicated support of companies and individuals like you, who give their time and considerable efforts to raise money on behalf of the charity.

STOMP the Monster™ provides financial and other support to cancer patients, their families, and caregivers such as transportation, gas money, assistance with bills and child care, food cards, and much more. We promote a healthy lifestyle with proper diet and exercise and lead by example.

## **ATHLETIC EVENT:**

**Event:** 2017 Ironman 70.3 Atlantic City

**Date:** September 17, 2017

Race fast in the historic shore resort of Atlantic City, a flat and scenic course through vineyards, state forests and on the iconic Boardwalk, with sun, sand, casinos and amusements for the entire family.

The easily accessible, historic seaside resort of Atlantic City is home to world-class sports, cultural and entertainment events. With its world-famous Boardwalk, luxury hotels and stunning beaches, athletes, friends and family can expect to experience the best of what Absecon Island has to offer including casinos, shopping, dining, and entertainment against a stunning backdrop of sea, sun, and sand.

The race begins at sunrise with a 1.2-mile sheltered swim in the beautiful back bays of Atlantic City. Framed by the Atlantic City skyline, spectators may view the entire swim course from the shore. The single-loop bike course is 56 flat and fast miles through vineyards, state forests, riverside towns, and a portion of the Atlantic City Expressway, which athletes will ride without traffic (and toll-free!). Finally, the 13.1-mile run course features striking views of the Atlantic Ocean on the world-famous Atlantic City Boardwalk, a one-of-a-kind race experience for both athletes and spectators.
